Gerontology is the study of human growth and development during adulthood. It includes the psychological and physiological changes that touch each individual, as well as, the social implications that flow from these changes.

The Gerontology program at American River College offers continuing education credit for specific courses for RNs, LVNs, CNAs, RCCE Administrators, LMFTs, LCSWs, and Nursing Home Administrators.

ARC has gained a reputation as a leader in gerontology studies and has been awarded National Program of Merit Status by the Association for Gerontology in Higher Education. The program co-sponsors events with AARP and California Council on Gerontology and Geriatrics. This leadership has enriched its offerings and enhanced the career value of an ARC gerontology degree or certificate.

**Gerontology: Business Degree**

The Gerontology: Business degree provides a broad overview of the biological, psychological, and social aspects of aging along with introductory business courses emphasizing the impact of an aging population on business. The focus is on preparation for entry-level positions with private industry, government and non-profit agencies providing goods and services to senior adults and/or preparation for further gerontology/business study at a four-year college or university.

### Student Learning Outcomes

Upon completion of this program, the student will be able to:

- assess social and cultural attitudes on aging and how they impact social policy regarding the senior population
- evaluate the biological, psychological, and social aging changes in terms of optimal aging and the impact of lifestyle choices
- analyze legal and ethical issues relating to aging and end-of-life decisions
- demonstrate skill, ease, confidence, rapport, and listening skills when interacting with seniors at different cognitive levels
- evaluate cognitive levels of seniors and utilize appropriate interactional activities and techniques for communication
- analyze the role of nutrition in the aging process and its impact on health
- evaluate care for the dying in different environments
- assess common mental health issues of aging and evaluate interventions and resources
- survey services for seniors available within a community and define eligibility requirements
- apply knowledge of gerontology to real-life business situations

### Career Opportunities

Entry-level positions with private industry, government and non-profit agencies providing goods and services to senior adults.

Gerontology: Business Degree Requirements  36 Units

Core Requirements .................................................................................................................. 24

And a minimum of 3 units from the following: ................................................................. 3

GERON 498  Work Experience in Gerontology (1 - 4)

And a minimum of 9 units from the following: ............................................................... 9

ACCT 101  Fundamentals of College Accounting (3)

or ACCT 301  Financial Accounting (4)

or BUS 105  Business Mathematics (3)

or BUS 110  Business Economics (3)

or BUS 320  Concepts in Personal Finance (3)

or ECON 320  Concepts in Personal Finance (3)

or BUS 330  Managing Diversity in the Workplace (3)

or BUS 340  Business Law (3)

GERON 304  Ethical Issues and Client’s Rights (3)

or PSYC 310  Ethical Issues and Client’s Rights (3)

MGMT 300  Introduction to Leadership in Action (3)

or MGMT 362  Techniques of Management (3)

MGMT 304  Introduction to Management Functions (3)

Associate in Arts Degree: The Gerontology: Business Associate in Arts (A.A.) degree may be obtained by completion of the required program, plus general education requirements, plus sufficient electives to meet a 60-unit total. See ARC graduation requirements.

Gerontology: Case Management/Social Services Degree

The Gerontology: Case Management/Social Services degree provides a broad overview of the biological, psychological, and social aspects of aging along with introductory human services and psychology courses emphasizing the diverse needs of an aging population. The focus is on preparation for entry-level positions with private industry, government and non-profit agencies providing case management and/or social services to senior adults and/or preparation for further gerontology/case management/social services study at a four-year college or university.

Student Learning Outcomes

Upon completion of this program, the student will be able to:

- assess social and cultural attitudes on aging and how they impact social policy regarding senior population
- evaluate the biological, psychological and social aging changes in terms of optimal aging and the impact of lifestyle choices
- analyze legal and ethical issues relating to aging and end-of-life decisions
- demonstrate skill, ease, confidence, rapport, and listening skills when interacting with seniors at different cognitive levels
- evaluate cognitive levels of seniors and utilize appropriate interactional activities and techniques for communication
- analyze the role of nutrition in the aging process and its impact on health
- evaluate care for the dying in different environments
- assess common mental health issues of aging and evaluate interventions and resources
- survey services for seniors available within a community and define eligibility requirements
- apply knowledge of gerontology to real-life case management and social services situations

Career Opportunities

Entry-level positions with private industry, government and non-profit agencies providing case management and/or social services to senior adults.

Case Management/Social Services Degree Requirements  36 Units

Core Requirements .................................................................................................................. 24

And a minimum of 3 units from the following: ................................................................. 3

GERON 498  Work Experience in Gerontology (1 - 4)

And a minimum of 9 units from the following: ............................................................... 9

GERON 310  Social Service Designee: Role and Responsibility (2.5)

GERON 312  Social Services Designee: Fieldwork (1)

HSER 300  Introduction to Human Services (3)

HSER 310  Ethical Issues and Client’s Rights (3)

or GERON 304  Ethical Issues and Client’s Rights (3)

HSER 330  Issues of Diverse Populations (3)

or PSYC 365  Issues of Diverse Populations (3)

HSER 340  Introduction to Chemical Dependency (3)

PSYC 400  Introduction to Chemical Dependency (3)

PSYC 390  Psychology of Death and Dying (3)

Associate in Arts Degree: The Gerontology: Case Management/Social Services Associate in Arts (A.A.) degree may be obtained by completion of the required program, plus general education requirements, plus sufficient electives to meet a 60-unit total. See ARC graduation requirements.

Gerontology: Environmental Design Degree

The Gerontology: Environmental Design degree provides a broad overview of the biological, psychological, and social aspects of aging along with introductory art and interior design courses emphasizing the environmental needs of an aging population. The focus is on preparation for entry-level positions with private industry, government and non-profit agencies providing design services to senior adults and/or preparation for further gerontology/design study at a four-year college or university.

Student Learning Outcomes

Upon completion of this program, the student will be able to:

- assess social and cultural attitudes on aging and how they impact social policy regarding senior population
- evaluate the biological, psychological and social aging changes in terms of optimal aging and the impact of lifestyle choices
- analyze legal and ethical issues relating to aging and end-of-life decisions
- demonstrate skill, ease, confidence, rapport, and listening skills when interacting with seniors at different cognitive levels
- evaluate cognitive levels of seniors and utilize appropriate interactional activities and techniques for communication
- analyze the role of nutrition in the aging process and its impact on health
- evaluate care for the dying in different environments
- assess common mental health issues of aging and evaluate interventions and resources
- survey services for seniors available within a community and define eligibility requirements
- apply knowledge of gerontology and environmental design to real-life situations in working in environmental design situations

(continued on next page)

DEPARTMENT CERTIFICATES

Activity Coordinator Certification Certificate

The Activity Coordinator certificate provides a comprehensive overview of the role and duties of an activity coordinator in a long-term care facility. The certificate meets State of California, Title 22 (Department of Social Service) requirements for activity coordinator certification.

Student Learning Outcomes

Upon completion of this program, the student will be able to:

- articulate the role and responsibilities of the activity coordinator in a long-term care facility
- demonstrate effective communication skills in interviewing long-term care residents
- analyze normal and disease process changes in hearing and speech and develop strategies for effective communication
- generate required documentation to comply with State and Federal regulations
- create activities which meet physical and emotional needs of residents in long-term care
- assess effects of institutionalization and possible impact on mental health and family relationships
- identify types of dementia and appropriate communication and behavior management strategies
- demonstrate effective problem solving, motivation, and communication skills involved in leadership of an activity program
- compare and contrast community services available and their relevancy to an activity program
- develop appropriate activities and monthly activity calendar to meet the needs of individual residents in long-term care

Career Opportunities

Activity Coordinator in long-term care, assisted living, and retirement facilities.

Requirements for Certificate 6.5 Units
GERON 430 Activity Coordinator Certification ..........................6.5

Dementia Care Certificate

This certificate provides a comprehensive overview of dementias, behavior management, and communication. It expands the knowledge of students to enter the workforce where they will be dealing with seniors diagnosed with a form of dementia.

Student Learning Outcomes

Upon completion of this program, the student will be able to:

- differentiate between reversible and irreversible dementias
- develop strategies for care for those with dementia
- create a safe environment for those with dementia
- evaluate a specific problem to decide if the problem is the patient’s or the caregiver’s
- assess specific dementia behavior problems and select appropriate responses
- demonstrate appropriate responses to dementia behaviors
- analyze various types of dementia and their characteristics
- identify communication strategies for enhanced understanding by the dementia patient
- identify principles of behavior management
- define caregiver issues
- assess elements of communication that relate to Validation theory
- analyze the theory behind Validation and describe the benefits of using Validation techniques
- demonstrate Validation techniques
- analyze dementia stages and select appropriate Validation techniques

Career Opportunities

Direct care of dementia patients. Supervision and inservice for dementia patients’ caregivers.

Requirements for Certificate 2 units
GERON 204 Alzheimer’s Disease and Other Dementias ............0.5
GERON 205 Validation: Theory and Practice .........................0.5
GERON 206 Dementia: Behavior Management .......................0.5
GERON 271 Dementia: Behaviors and Activity .......................0.5
Elder Care Certificate
This Certificate provides a comprehensive overview of the caregiving experience. It expands the knowledge of students to enter the workforce where they will be dealing with seniors and their caregivers.

Student Learning Outcomes
Upon completion of this program, the student will be able to:
• design caregiving strategies based on the elders’ needs and available resources
• explain the concept of “Caring for the Caregiver”
• describe effective procedures for caring for elderly people with memory impairments
• analyze role reversal and sources of guilt within families
• define what constitutes elder abuse, including different types of abuse
• assess causes of elder abuse
• evaluate prevention approaches and resources to intervene before abuse occurs
• identify elder abuse reporting steps and forms
• evaluate the different causes of stress in caregiving situations
• analyze aspects of belief systems which enhance stress in caregiving
• apply new talking and listening skills for reducing stress in self and others
• assess elements of communication that relate to Validation theory
• analyze theory of Validation
• demonstrate Validation techniques
• analyze dementia stages and select appropriate Validation techniques

Career Opportunities
Direct care of seniors. Supervision and inservice for caregivers.

Requirements for Certificate 2 units
GERON 205 Validation: Theory and Practice.................................0.5
GERON 207 Elder Abuse..........................................................0.5
GERON 208 Stress Management: New Approaches......................0.5
GERON 209 Strategies for Caregivers: Effectively Caring for the Elderly in the Community .........................0.5

Ethnicity and Aging Certificate
This Certificate provides a comprehensive overview of how ethnicity affects the aging experience. It expands the knowledge of students to enter the workforce where they will be dealing with seniors from different cultures and ethnic groups.

Student Learning Outcomes
Upon completion of this program, the student will be able to:
• synthesize and discuss the importance of cultural sensitivity as it relates to working with older people
• evaluate and discuss differences among ethnic groups in life expectancy, mortality, mobility, family dynamics, work/retirements, mental health, views on death, and use of senior services
• define and discuss ways of overcoming barriers to understanding and using senior services
• evaluate the impact of culture and society on the aging process
• compare and contrast values and beliefs of Asian, Hispanic, African-American cultures and the dominant Western culture
• develop strategies for assessing and assisting aging Asians, Hispanics, and African-Americans and their families
• describe historical events or institutions that have influenced African-American elderly
• describe the economic, educational, and social groups found among the African-American elderly
• discuss the health conditions found most frequently among the Asian, Hispanic, and African-American elderly

Career Opportunities
Direct care of seniors from diverse backgrounds. Supervision and inservice for caregivers.

Leadership in Assisted Living Communities Certificate
This certificate provides a comprehensive overview of leadership, communication, and professionalism and ethics required for effective leadership and supervision in assisted living communities.

Student Learning Outcomes
Upon completion of this program, the student will be able to:
• analyze three categories of leadership
• compare and apply four facets of problem solving in regards to long-term care facilities
• analyze the essential elements in team building and being a part of the team in long-term care facilities
• identify and exhibit effective communication techniques
• demonstrate effective motivational practices
• differentiate between ethics and morals as related to working with seniors
• evaluate professional conduct in long-term care facilities
• demonstrate listening skills when working with the elderly
• describe the parameters of confidentiality
• describe professional boundaries
• analyze patterns of communication
• demonstrate validation of feelings and viewpoints
• evaluate adaptive behaviors in long-term care settings
• compare different types of staff support systems

Career Opportunities
Administrative positions in long-term care communities, such as staff coordinator, marketing specialist, resident coordinator, facility administrator.

Senior Fitness Certificate

This program prepares students for employment as a fitness leader for seniors and equips them with the knowledge and hands-on experience necessary to begin a career in the growing field of fitness for older adults.

Student Learning Outcomes

Upon completion of this program, the student will be able to:

• recommend beneficial exercises for seniors and individuals with disabilities or medical conditions.
• behave responsibly at work, exhibiting initiative and self-management in situations where it is needed.
• create an individualized fitness plan to promote functional independence throughout the remainder of life.
• analyze how nutrition plays a part in overall health and aging.
• compare and contrast different self and group motivational techniques for staying active.
• identify and respond to life-threatening conditions (including breathing emergencies, cardiac emergencies, and severe bleeding).
• evaluate physical activities relative to risk factors.
• design and lead a group exercise activity, and provide modifications and variations to exercises when necessary.
• identify basic principles of body mechanics and posture.
• design an individualized exercise prescription program that includes muscular strength and muscular endurance development.
• explain the normal aging changes and analyze how lifestyle choices influence the aging process.
• demonstrate Validation techniques.

Career Opportunities

The senior fitness certificate program is ideal for anyone desiring an entry-level position as a fitness leader for seniors in a recreation center, senior center, senior community, assisted living facility, or another site for seniors.

WEXP 498 Work Experience in (Subject) (1 - 4)

Social Service Designee Certificate

The Social Services Designee certificate provides a comprehensive overview of the role and duties of a social services designee in a long-term care facility.

Student Learning Outcomes

Upon completion of this program, the student will be able to:

• articulate the role and responsibilities of the social services designee in a long-term care facility.
• analyze normal age changes and their impact on residents.
• incorporate resident rights and responsibilities into daily practice.
• apply Omnibus Budget Reconciliation Act (OBRA)/Title 22 (State of California Department of Social Services) regulations to work environment.
• Evaluate legal and ethical issues relating to powers of attorney, long-term care financing, and end-of-life decisions.
• evaluate long-term care facility environments.
• interview and assess long-term care residents to assure needs are being met.

Career Opportunities

Social Services Designee in long-term care, assisted living, and retirement facilities.

<td>GERON 211</td>
<td>Aging Experience in Hispanic Families</td>
<td>.5</td>
<td>9 LEC</td>
<td>This course examines the aging experience characteristics to Hispanics and the impact of culture, societal expectations, family roles, values, beliefs, and caregiving on that aging experience. Focus is on social support systems and strategies for assisting aging Hispanics and their families. Pass/No Pass only.</td>
</tr>
<tr>
<td>GERON 212</td>
<td>Aging Experience in African-American Families</td>
<td>.5</td>
<td>9 LEC</td>
<td>This course examines the economic, social, and health status of elderly African-Americans. It focuses on their unique relationship to the dominant American culture, their vulnerability to specific diseases, and their history with the health care system. It also covers family structures in the African-American community and their implications for family relationships and caregiving. Pass/No Pass only.</td>
</tr>
<tr>
<td>GERON 213</td>
<td>Aging Experience in Native American Families</td>
<td>.5</td>
<td>9 LEC</td>
<td>This course examines the economic, social, and health status of elderly Native Americans. It focuses on their unique relationship to the dominant American culture, being members of sovereign nations, and tribal and governmental institutions that impact their lives, family relationships, and caregiving. Pass/No Pass only.</td>
</tr>
<tr>
<td>GERON 220</td>
<td>RCFE Administrator Training</td>
<td>2.5</td>
<td>45 LEC</td>
<td>This course covers state requirements to be licensed as an administrator of a residential care facility for the elderly (RCFE). Topics include philosophy, mission, and operations of a RCFE; regulations, rights and responsibilities of licensees; fingerprinting and criminal record clearances; psychosocial needs of residents; physical plant requirements; resident assessment, retention, and eviction; resident records and services; food service regulations; admission agreement; special diets; medications; abuse reporting; residents’ rights; and community resources. Pass/No Pass only.</td>
</tr>
<tr>
<td>GERON 230</td>
<td>Motivating Older Adults to Stay Active</td>
<td>.5</td>
<td>9 LEC</td>
<td>This course focuses on how to motivate healthy older adults to stay independent, active, and mobile. Topics include wellness, aerobic fitness, nutrition, stress, self- and group-motivation techniques, and cognition as they affect seniors. Credit/No Credit only.</td>
</tr>
<tr>
<td>GERON 271</td>
<td>Dementia: Behaviors and Activity</td>
<td>.5</td>
<td>9 LEC</td>
<td>This course is an overview of dementia and memory loss. Topics focus on types, characteristics, communications, behavior management, and caregiving of dementia patients. Pass/No Pass only.</td>
</tr>
<tr>
<td>GERON 280</td>
<td>Home Adaptations for Safety and Independence</td>
<td>.5</td>
<td>9 LEC</td>
<td>This course explores adaptations to the home environment to promote safety and independence for those with disabilities. Topics include assessment, durable equipment, home modifications and resources. Pass/No Pass only.</td>
</tr>
<tr>
<td>GERON 300</td>
<td>Sociology of Aging</td>
<td>3</td>
<td>54 LEC</td>
<td>This course examines the aged and aging process with emphasis on social factors affecting and affected by an aging population. It includes an analysis of demographics, history of aging in America, social conditions, resources and support systems, employment, retirement, and social class/cultural differences. This course is not open to students who have completed SOC 335.</td>

American River College Catalog 2016-2017

298
GERON 302  
Psychology of Aging:  
Adult Development and Aging  3 Units  
Same As: PSYC 374  
Advisory: Eligible for ENGRD 310 or ENGRD 312 AND ENGW 300; OR ESLR 340 AND ESLW 340  
General Education: AAAS Area V(b); CSU Area E1  
Course Transferable to UC/CSU  
Hours: 54 hours LEC  
This course covers the physical, psychological, and social aspects of the aging process including the interactions between the elderly and the rest of society. Topics include an analysis of stereotypes, social bonds, environmental factors, sexuality, physical health, mental health, death, and bereavement. This course is not open to students who have completed PSYC 374.

GERON 304  
Ethical Issues and Client’s Rights  3 Units  
Same As: HSER 310  
Corequisite: HSER 300  
Advisory: ENGWR 102 or 103, and ENGRD 116 with a grade of “C” or better; OR ESLR 320 and ESLW 320 with a grade of “C” or better; OR placement through assessment process.  
Course Transferable to CSU  
Hours: 54 hours LEC  
This course is a comprehensive exploration of the basic ethical issues involving human services delivery. Topics include professional ethics, confidentiality, counselor and clients’ rights, and other areas involving ethical controversies. This course is not open to students who have completed HSER 310.

GERON 310  
Social Service Designee:  
Role and Responsibility  2.5 Units  
Advisory: Eligible for ENGRD 310 or ENGRD 312 AND ENGW 300; OR ESLR 340 AND ESLW 340.  
Course Transferable to CSU  
Hours: 45 hours LEC  
This course covers the role of the Social Services Designee in long-term care. The focus is on family, patient adjustment, and dementia. It also covers documentation for the Social Services Designee working in long-term care.

GERON 311  
Social Services Designee: Legal  
Issues and End-of-Life Decisions  1 Unit  
Advisory: ENGWR 102 and ENGRD 116 with a grade of “C” or better; OR ESLR 320 and ESLW 320 with a grade of “C” or better.  
Course Transferable to CSU  
Hours: 18 hours LEC  
This course covers legal issues involved with long-term care. The focus is on probate, conservatorships, wills, trusts, power of attorney for financial management, and the California Advanced Health Care Directives, and right-to-die issues.

GERON 312  
Social Services Designee:  
Fieldwork  1 Unit  
Prerequisite: GERON 310 and 311 with grades of “C” or better  
Advisory: ENGWR 102 or 103, and ENGRD 116 with a grade of “C” or better; OR ESLR 320 and ESLW 320 with a grade of “C” or better.  
Course Transferable to CSU  
Hours: 18 hours LEC  
This course provides an opportunity to explore the social services designee role in a long-term care facility and to apply knowledge gained to long-term care experience in the area of social services.

GERON 330  
Communicating with and  
Validating Older Adults  3 Units  
Same As: PSYC 378  
Prerequisite: GERON 302 or PSYC 374 with a grade of “C” or better  
Advisory: ENGWR 102 and ENGRD 116 with a grade of “C” or better; OR ESLR 320 and ESLW 320 with a grade of “C” or better.  
Enrollment Limitation: Current tuberculosis clearance  
General Education: AAAS Area III(b)  
Course Transferable to CSU  
Hours: 54 hours LEC  
This course introduces the basic theory, techniques, and experiences for communication with, validation of, and stimulation of the elderly at different cognitive levels in long-term care. After the first class session, this course is held off campus in a long-term care setting. Supervision by a professor in a long-term care setting is required. This course is not open to students who have completed PSYC 378.

GERON 334  
Reminiscence Therapy  3 Units  
Same As: PSYC 379  
Prerequisite: GERON 302 or PSYC 374 with a grade of “C” or better  
Advisory: ENGWR 102 and ENGRD 116 with a grade of “C” or better; OR ESLR 320 and ESLW 320 with a grade of “C” or better.  
Enrollment Limitation: Current tuberculosis clearance  
General Education: AAAS Area III(b)  
Course Transferable to CSU  
Hours: 54 hours LEC  
This course introduces the basic theory and techniques of reminiscence therapy and provides experience in planning, facilitating, and evaluating reminiscence groups with the elderly in an institutional setting. After the first class session, this course is held off campus in a long-term care setting. This course is not open to students who have completed PSYC 379.

GERON 335  
Wellness for Older Adults  3 Units  
Advisory: Eligible for ENGRD 310 or ENGRD 312 AND ENGW 300; OR ESLR 340 AND ESLW 340.  
Course Transferable to CSU  
Hours: 54 hours LEC  
This course explores positive lifestyle choices throughout life which have a positive effect on health and well-being. Topics include exercise, nutrition, stress management, chronic disease, and adaptations for disability.

GERON 340  
Nutrition for Healthy Aging  3 Units  
Same As: NUTRI 324  
Advisory: Eligible for ENGRD 310 or ENGRD 312 AND ENGW 300; OR ESLR 340 AND ESLW 340.  
Course Transferable to CSU  
Hours: 54 hours LEC  
This course focuses on the nutrition of older adults. Topics include the effects of nutrition on health and well-being and the physiologic changes in aging, the effects of smell and taste on nutritional status, age-related changes in the gastrointestinal tract, risk factors for cardiovascular disease, and cancer and nutrition. This course is not open to students who have completed NUTRI 324.

GERON 360  
Ethnic Diversity and Aging  .5 Units  
Course Transferable to CSU  
Hours: 9 hours LEC  
This course is an overview of ethnicity and culture as factors in the aging process. It focuses on values, beliefs, and culture, and their impact on the design and delivery of senior services with an emphasis on health and residential care services. Pass/No Pass only.
