

# ARC Nursing Department - TEAS Test Flow Chart

**Score < 62%**  
(Must retest)

**#1**  
Complete the TEAS Remediation form  
(found on the ARC Nursing website)  
There must be at least 90 days between TEAS test attempts.  
If not then the first/earliest score will be used.

**#2**  
Submit the completed Remediation form and all previous TEAS test scores with your nursing application packet.

**Score > 62%**  
Student may retest to improve score  
There is no need to remediate if it has been > 365 days since last test.  
There must be at least 90 days between TEAS test attempts.  
If not then the first/earliest score will be used.

**#1**  
If your overall score on the Multi-screening Criteria form is >70,  
there is no need to retest  
All candidates with 70 or more points are placed in the computerized random selection pool.

**#2**  
If you need to remediate complete the TEAS Remediation form found on the ARC Nursing website.

**#3**  
Submit the completed Remediation form and all previous TEAS test scores with your nursing application packet.
