

FIREARMS AND TACTICAL RIFLE INSTRUCTOR

COURSE DESCRIPTION:

This is an 80-hour instructor course, which is specifically designed to prepare experienced law enforcement personnel to teach firearms courses at the basic and in-service level. Topics include the role of the law enforcement firearms instructor, liability issues, instructor development, lesson plan development, basic marksmanship, shooter problem analysis, standard and non-traditional shooting positions, weapons transition, and tactical movement and cover. **As of December 2018, this course meets the minimum instructor certification requirements to be a POST pistol and rifle instructor.** Successful completions of all portions of the course, including all course work and firearms qualifications, are mandatory to receive certification. Partial certification will not be allowed (i.e., certification for only one of the weapons systems). POST certification 2970-21640. Pass/No Pass.

IMPORTANT NOTES:

1. *Students are strongly encouraged to arrive on time in order to complete the registration process and avoid impeding instructional time. Late students who miss this process will not be allowed to attend the course.*
2. *The Safety Center does not loan out weapons, ammunition, or equipment for this course. Students are expected to bring their agency's duty firearms, equipment, and ammunition. **Please see below (page 3) for the comprehensive list of required and recommended items.***
3. *This course assumes the student is proficient in the use of the designated weapons systems, as basic operator skills will not be taught. Students who do not pass the mandatory qualification course for each of the designated weapons systems, conducted on the second day of training, will be unable to continue with the course. **The qualification courses for the pistol and rifle are provided, below (pages 4-7).***

QUALIFICATION COURSE DETAILS

The following safety and skills assessment courses of fire will be fired on the first day of the range training. **A passing score must be fired in all qualification courses of fire before the student will be allowed to continue the course. No exceptions.** The assessment courses will be fired one time for score.

Visible laser aiming devices will not be allowed during any portion of the firearms qualification courses of fire.

MANIPULATION SKILLS ASSESSMENT

The Manipulation Skills Assessment must be satisfactorily completed utilizing all firearms systems (handgun, rifle/carbine and shotgun).

1. In-battery reload
2. Out-of-battery reload
3. Administrative loading
4. Administrative unloading
5. Field strip and reassembly

PISTOL QUALIFICATION COURSE OF FIRE

1. The Pistol Qualification course of fire will be shot on the IALEFI-Q target (see attached).
2. The course of fire will be scored in two stages. Targets will be scored and replaced between each stage. An overall passing score of 80% (40 out of 50 rounds) is needed to successfully pass the qualification.
3. Rounds must impact within the proper scoring zone to be counted. Rounds impacting on the scoring zone line must break the line completely in order to be counted.
4. Rounds fired after the time limit will be deducted from the overall score.
5. Shooters will be responsible to clear malfunctions during the courses of fire. Additional time may be allowed if a malfunction is encountered by the shooter so long as the shooter attempts to clear the malfunction.
6. Shooters are encouraged to keep their handguns properly loaded to complete each course of fire. If a shooter runs out of ammunition during a course of fire, no additional time will be allotted.
