Anthropology

**Anthropology** is the study of humankind around the world and throughout time, with the goal of understanding our evolutionary origins, our biological distinction as a species, and our diverse manifestations of culture. This degree provides students with basic skills in critical analysis, application of the scientific method, and cross-cultural understanding.

Physical and cultural anthropology, including introductory courses, archeology and world prehistory, cultures, and current issues in anthropology.

**Roadmaps**

Road maps lay out all of the courses you need to take for a given degree or certificate.
