Advisory:	MUIVI 386 and 400
Transferable:	CSU
Catalog Date:	June 1, 2021

This course presents a continuation of jazz concepts presented in MUFHL 420. It emphasizes advanced elements of jazz theory including composition and arranging, as well as harmonic, melodic, and formal analysis in the jazz idiom.

Student Learning Outcomes

Upon completion of this course, the student will be able to:

- apply reharmonization concepts to jazz compositions.
- apply melodic and harmonic techniques to an instrument or voice.
- analyze advanced melodic, harmonic, and formal elements of jazz compositions.
- synthesize melodic, harmonic, and formal elements of jazz into original compositions and arrangements.
- investigate advanced melodic and harmonic techniques used in the jazz idiom through ear-training exercises.

MUFHL 495 Independent Studies in Music Fundamentals/History and Literature

Units:	1 - 3
Hours:	54 - 162 hours LAB
Prerequisite:	None.
Transferable:	CSU
Catalog Date:	June 1, 2021

Independent Study is an opportunity for the student to extend classroom experience in this subject, while working independently of a formal classroom situation. Independent study is an extension of work offered in a specific class in the college catalog. To be eligible for independent study, students must have completed the basic regular catalog course at American River College. They must also discuss the study with a professor in this subject and secure approval. Only one independent study for each catalog course will be allowed.

MUFHL 499 Experimental Offering in Music Fundamentals/History and Literature

Units:	0.5 - 4
Hours:	9 - 54 hours LEC
Prerequisite:	None.
Transferable:	CSU
Catalog Date:	June 1, 2021

This course is designed to give students an opportunity to study topics in music which are not included in current course offering. May be taken four times for credit for a maximum of eight units on different topics.

Student Learning Outcomes

Upon completion of this course, the student will be able to:

- analyze background and current status of special topic.
- apply concepts acquired from the special topic in practical applications.

- compare and contrast special topic information to regular curriculum information

Music - Instrumental/Voice Instruction (MUIVI) Courses

MUIVI 200 Introduction to Music Education

Units:	0.5
Hours:	9 hours LEC
Prerequisite:	MUFHL 321 (Basic Musicianship) with a grade of "C" or better, or equivalent, AND three years of experience in either band or choir.
Catalog Date:	June 1, 2021

This course is a survey of the resources used in the music education profession as a band or choir teacher. It introduces the basic skills necessary to teach beginning band or choir. Topics include creating lesson plans, classroom management, and basic conducting patterns.

Student Learning Outcomes

Upon completion of this course, the student will be able to:

- communicate with school administration to address scheduling, facility, and recruitment needs.
- create basic lesson plans for beginning instrumental or choral ensembles.
- select appropriate teaching materials for beginning band or choral ensembles.
- use basic instructional technology in the course.
- employ basic methods of management of course participants.
- prepare basic methods of recruitment for ensembles.
- make basic repairs on band instruments.
- demonstrate basic conducting patterns.

MUIVI 298 Work Experience in Instrumental/Voice Instruction

Units:	0.5 - 4
Hours:	30 - 300 hours LAB
Prerequisite:	None.
Enrollment Limitation:	Students must be in a paid or unpaid internship, volunteer position, or job related to the instrumental/voice instruction field with a cooperating site supervisor. Students are advised to consult with the Music Department faculty to review specific certificate and degree work experience requirements.
Advisory:	Eligible for ENGRD 310 or ENGRD 312 AND ENGWR 300; OR ESLW 340.
Catalog Date:	June 1, 2021

This course provides students with opportunities to develop marketable skills in preparation for employment or advancement within the field of instrumental/voice instruction. It is designed for students interested in work experience and/or internships in associate degree level or certificate occupational programs. Course content includes understanding the application of education to the workforce, completion of Title 5 required forms which document the student's progress and hours spent at the work site, and developing workplace skills and competencies.

During the semester, the student is required to complete 37.5 hours of related paid work experience, or 30 hours of related unpaid work experience for 0.5 unit. An additional 37.5 or 30 hours of related work experience is required for each additional 0.5 units. All students are required to attend the first class meeting, a mid-semester meeting, and a final meeting. Additionally, students who have not already successfully completed a Work Experience course will be required to attend weekly orientations while returning participants may meet individually with the instructor as needed. Students may take up to 16 units total across all Work Experience course offerings. This course may be taken up to four times when there are new or expanded learning objectives. Only one Work Experience course may be taken per semester.

Student Learning Outcomes

Upon completion of this course, the student will be able to:

- demonstrate mastery of specific job skills in the instrumental/voice instruction field related to an associate degree or certificate occupational program level career as written in the minimum three (3) learning objectives created by the student and their employer or work site supervisor at the start of the course.
- make effective decisions, use workforce information, and manage their personal career plans.
- behave professionally, ethically, and legally during work, consistent with applicable laws, regulations, and organizational norms.
- behave responsibly during work, exhibiting initiative and self-management in situations where it is needed.
- apply effective leadership styles during work, with consideration to group dynamics, team and individual decision making, and workforce diversity.
- communicate in oral, written, and other formats, as needed, in a variety of contexts during work.
- locate, organize, evaluate, and reference information during work.
- demonstrate originality and inventiveness during work by combining ideas or information in new ways, making connections between seemingly unrelated ideas, and reshaping goals in ways that reveal new possibilities using critical and creative thinking skills such as logical reasoning, analytical thinking, and problem-solving.

Prerequisite:	None.
Transferable:	CSU
Catalog Date:	June 1, 2021

Independent Study is an opportunity for the student to extend classroom experience in this subject, while working independently of a formal classroom situation. Independent study is an extension of work offered in a specific class in the college catalog. To be eligible for independent study, students must have completed the basic regular catalog course at American River College. They must also discuss the study with a professor in this subject and secure approval. Only one independent study for each catalog course will be allowed.

MUIVI 498 Work Experience in Instrumental/Voice Instruction

Units:	0.5 - 4
Hours:	30 - 300 hours LAB
Prerequisite:	None.
Enrollment Limitation:	Students must be in a paid or unpaid internship, volunteer position, or job related to the instrumental/voice instruction with a cooperating site supervisor. Students are advised to consult with the Music Department faculty to review specific certificate and degree work experience requirements.
Advisory:	Eligible for ENGRD 310 or ENGRD 312 AND ENGWR 300; OR ESLW 340.
Transferable:	CSU
Catalog Date:	June 1, 2021

This course provides students with opportunities to develop marketable skills in preparation for employment or advancement within the field of instrumental/voice instruction. It is designed for students interested in work experience and/or internships in transfer-level degree occupational programs. Course content includes understanding the application of education to the workforce, completion of Title 5 required forms which document the student's progress and hours spent at the work site, and developing workplace skills and competencies.

During the semester, the student is required to complete 37.5 hours of related paid work experience, or 30 hours of related unpaid work experience for 0.5 unit. An additional 37.5 or 30 hours of related work experience is required for each additional 0.5 units. All students are required to attend the first class meeting, a mid-semester meeting, and a final meeting. Additionally, students who have not already successfully completed a Work Experience course will be required to attend weekly orientations while returning participants may meet individually with the instructor as needed. Students may take up to 16 units total across all Work Experience course offerings. This course may be taken up to four times when there are new or expanded learning objectives. Only one Work Experience course may be taken per semester.

Student Learning Outcomes

Upon completion of this course, the student will be able to:

- demonstrate application of industry knowledge and theoretical concepts in the field of instrumental/voice instruction related to a transfer degree level career as written in the minimum three (3) learning objectives created by the student and their employer or work site supervisor at the start of the course.
- make effective decisions, use workforce information, and manage their personal career plans.
- behave professionally, ethically, and legally during work, consistent with applicable laws, regulations, and organizational norms.
- behave responsibly during work, exhibiting initiative and self-management in situations where it is needed.
- apply effective leadership styles during work, with consideration to group dynamics, team and individual decision making, and workforce diversity.
- communicate in oral, written, and other formats, as needed, in a variety of contexts during work.
- locate, organize, evaluate, and reference information during work.
- demonstrate originality and inventiveness during work by combining ideas or information in new ways, making connections between seemingly unrelated ideas, and reshaping goals in ways that reveal new possibilities using critical and creative thinking skills such as logical reasoning, analytical thinking, and problem-solving.

Units:	3
Hours:	36 hours LEC; 54 hours LAB
Prerequisite:	MUSM 344 with a grade of "C" or better
Transferable:	CSU
Catalog Date:	June 1, 2021

This is the third course in a four-part series of Recording Studio Techniques. Topics include studio design and management principles, managing and organizing sessions, and recording, editing, and mixing in a Digital Audio Workstation (DAW) environment. Field trips may be required.

Student Learning Outcomes

Upon completion of this course, the student will be able to:

- organize, manage, and create productive studio sessions that deliver a finished product
- utilize DAW and server-based file management protocols
- apply business and management principles associated with a recording studio
- choose specific advanced outboard processing to achieve artistic and musical goals
- set up, operate, and maintain a large-format, analog, multitrack recorder
- record, edit, and mix sessions within a DAW environment

MUSM 352 Recording Studio Techniques IV

Units:	3
Hours:	36 hours LEC; 54 hours LAB
Prerequisite:	MUSM 350 and 356 with grades of "C" or better
Transferable:	CSU
Catalog Date:	June 1, 2021

This is the fourth course in a four-part series on Recording Studio Techniques. It covers advanced techniques of audio engineering and is designed for recording engineers seeking careers in audio and post production. It includes advanced concepts of analog and digital recording, mixdown, surround sound, synchronizing audio to video, and mastering. Field trips may be required.

Student Learning Outcomes

Upon completion of this course, the student will be able to:

- generate and integrate Foley, sound effects, and voice-overs that are synced to video
- organize and facilitate a multitrack recording of a live concert
- create a 5.1 music mix and create a Digital Theater System (DTS) encoded surround file
- perform audio restoration using advanced plug-in and editing techniques
- utilize final mastering techniques by creating a multi-song production master that conforms to industry specifications
- create a music mix using advanced automation and plug-ins, as well as utilizing digital and analog processing

MUSM 356 Pro Tools 101, Introduction to Pro Tools

Units:	1.5
Hours:	27 hours LEC
Prerequisite:	MUSM 342 with a grade of "C" or better
Transferable:	CSU
Catalog Date:	June 1, 2021

This course is an introduction to Avid's Pro Tools digital audio workstation software application. Basic Pro Tools principles, including how to complete a Pro Tools project from initial set up to final mixdown are covered. It covers how to record, edit, and mix music and Musical Instrument Digital Interface (MIDI) tracks within the Pro Tools application. This course is the first in a series of courses leading to multiple Avid Pro Tools certifications.

Student Learning Outcomes

Upon completion of this course, the student will be able to:

- create a Pro Tools session capable of accomplishing common audio production tasks.
- employ navigation and editing skills in a multi-track Pro Tools session.
- incorporate proper recording and mixing techniques to audio and MIDI files in the Pro Tools environment.
- analyze and interpret session file structures, as well as the user interface and tool set.
- pass the online Avid examination.

MUSM 357 Pro Tools 110 Intermediate Pro Tools

Units:	1.5
Hours:	27 hours LEC
Prerequisite:	MUSM 356 with a grade of "C" or better
Transferable:	CSU
Catalog Date:	June 1, 2021

This is an intermediate-level course in Avid's Pro Tools digital audio workstation hardware and software application. Concepts and skills needed to operate large sessions in a project studio environment are covered. It covers managing large track counts, multiple channels of simultaneous inputs and outputs, and the use of specialized plug-ins for specific music and post-production tasks. This course is the second in a series of courses leading to multiple Avid Pro Tools certifications.

Student Learning Outcomes

Upon completion of this course, the student will be able to:

- manage large track counts and multiple channels of simultaneous inputs and outputs during a session.

- create appropriate Pro Tools hardware settings.
- set up troubleshoot input/output (I/O) functions.
- assess and integrate virtual instruments and specialized plug-ins for specific music and post-production tasks.
- incorporate automated mixing techniques into workflow.
- analyze Elastic Audio methods to select appropriate techniques yielding the desired tempo and/or rhythmic outcome.
- apply clip-based editing techniques to audio and Musical Instrument Digital Interface (MIDI) tracks.

MUSM 366 Pro Tools 201, Advanced Pro Tools

Units: 1.5
 Hours: 27 hours LEC
 Prerequisite: MUSM 344 and 357 with grades of "C" or better
 Transferable: CSU
 Catalog Date: June 1, 2021

This is an advanced-level course in Avid's Pro Tools digital audio workstation hardware and software application. Topics include the core concepts and skills needed to operate a Pro Tools HD system in a professional studio environment. Advanced recording, editing, and mixing techniques are presented. This course is the third in a series of courses leading to multiple Avid Pro Tools certifications.

Student Learning Outcomes

Upon completion of this course, the student will be able to:

- assess the differences between a standard Pro Tools environment and Pro Tools HD systems.
- set up and operate the necessary hardware components of a Pro Tools HD system.
- structure and customize Pro Tools HD software to meet advanced session requirements.
- choose and implement advanced Pro Tools HD editing and mixing techniques.

MUSM 495 Independent Studies in Music Specializations

Units: 1 - 3
 Hours: 54 - 162 hours LAB
 Prerequisite: None.
 Transferable: CSU
 Catalog Date: June 1, 2021

Independent Study is an opportunity for students to extend classroom experience in this subject, while working independently of a formal classroom situation. Independent study is an extension of work offered in a specific class in the college catalog. To be eligible for independent study, students must have completed the basic regular catalog course at American River College. They must also discuss the study with a professor in this subject and secure approval. Only one independent study for each catalog course will be allowed.

MUSM 499 Experimental Offering in Music Specializations in Music

Units: 0.5 - 4
 Prerequisite: None.
 Transferable: CSU
 Catalog Date: June 1, 2021
